IDS LCD Keypad

The widely anticipated new LCD keypad from IDS has arrived.

This elegant and user-friendly keypad, with its distinctive shape, will give you easy access to your security system's functions and information at the touch of a button.

The improved functionality of the new keypad will allow you to:

- View event logs on the display
- Rename zones
- View partitions
- Display any zones which were tampered, violated, or bypassed during the last arm cycle
- Receive notifications of an Alarm Memory condition via a flashing ARM indicator

STANDARD LCD KEYPAD

FUNCTIONS INCLUDE:

- Quick away arm
